The Most Comprehensive Energy Trade Event in the Philippines

Introducing PhilEnergy, formerly known as RE EE Philippines! Since its inception in 2017, this event has brought together energy leaders in a collaborative effort to propel the clean energy revolution towards a sustainable and net-zero future. The aim is to foster the development of innovative renewable solutions that will shape the industry..

As the renewable energy sector expands and the Philippine government gears up to establish secure, sustainable, and resilient energy strategies, PhilEnergy has evolved to encompass a wider range of related sectors. In 2023, it was rebranded to include Renewable Energy, Energy Efficiency, Electric & Power, Electric Vehicle, and Energy Storage.

Having successfully organized multiple editions of RE EE Philippines / PhilEnergy, we are thrilled to announce that PhilEnergy will now operate as another stand-alone event of Informa Markets. PhilEnergy 2024 will serve as the ultimate platform for industry players to explore cutting-edge energy technologies and products

Philippine Energy Efficiency Alliance Inc (PE2) as PhilEnergy's Strategic Partner

The Philippine Energy Efficiency Alliance (PE2) convened private- and public-sector energy efficiency market stakeholder entities in April 2016 as a non-stock, non-profit civil society organization, building on the 11-year history of the Energy Service Companies Association of the Philippines (ESCOPhil) established in May 2005 with DOE support, and its successor, the Philippine Association of Energy Service Companies.

Its primary purpose is to organize, encourage, and promote advocacies, initiatives, studies, projects, programs, policy-directions, financing strategies, best ethical practices and sources in energy efficiency, energy conservation and renewable energy; thus, to assist the Philippines in achieving its long term targets of energy intensity reduction, increasing energy productivity, greenhouse gas (GHG) emission reduction, increasing energy security.

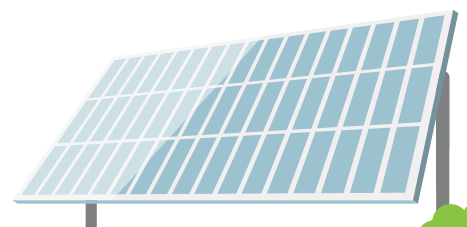

Learn more about PE2 through <https://www.pe2.org/>

Society of Philippine Electrotechnical Constructors and Suppliers Inc. (SPECS) as PhilEnergy's Industry Partner

The Society of Philippine Electrotechnical Constructors and Suppliers Inc. (SPECS) is a non-stock, non-profit organization of licensed electrotechnical constructors and suppliers accredited with the Philippine Contractors Accreditation Board (PCAB). A recognized professional entity in the electrical industry, SPECS serves the purpose of organizing its members into one unified force that caters to the needs of the electrical industry and consequently to the nation and to the ASEAN region. Unifying licensed electrotechnical constructors and suppliers across the nation, SPECS serves the interests of all its members.

Why Exhibit at PhilEnergy 2024

Showcase the Latest Innovations

Exhibit and demonstrate your latest technological advancements and solutions to the sea of highly-targeted trade visitors from the local and international energy industry. PhilEnergy provides the perfect platform to offer and sell out your innovations to quality trade buyers.

Build and Expand Business Opportunities

Establish new connections and build business relationships that can potentially lead to new opportunities, partnerships, and collaborations at PhilEnergy. Gain visibility and generate leads with professionals.

Connect with Quality Buyers

Acquire the latest knowledge and stay ahead of the curve in the energy industry. Explore new market opportunities by presenting your latest innovation to different experts and contribute valuable insights for the needs of the industry. Don't miss the opportunity to be part of the problem-solvers at PhilEnergy.

Exhibitor Profiles

Biofuel
Biomass
Solar PV
Solar Thermal
Waste to Energy
(as a solution)
Wind and Hydropower

Building Envelopes
Building Management Systems
Carbon Management
Compressed Air System
Energy Saving Systems
Efficient Airconditioning Systems

Cable & Wire
Electrical Accessories
Lighting Accessories
Power Generation Equipments
Smart Grid Technology

Battery Cell Producers
Battery Energy Producers
Battery System Integrators
Chemical Energy Storage
Rechargeable Battery Manufacturers
Utility Energy Storage

Battery Manufacturer & Component
Charging Station Manufacturer
Electric Vehicle
Energy Storage Technology
Power and Energy Monitoring System

...and many more

Attendees Experience

"Usually the first day, the turn out is not so much, but in PhilEnergy I was surprised that the first day turn out is very good and the right people are here. We are in the power industry but side-by-side I think it's very strategic that it's also being done with the water. It's very strategic both for the presentation of the exhibition and the customer that get attracted."

Jose R. Albaniel, Jr.
Country Manager,
Euroasiatic Philippines, Inc.

"After the pandemic, this is our first live event, and we are happy that we are housed inside PhilEnergy where it's packing in a very big crowd. We are happy to have a PE2 Pavillion with some energy efficiency showcasing there."

Alexander Ablaza
President, Philippine Energy
Efficiency Alliance, Inc | Climargy, Inc

"PhilEnergy is really a strong brand because it talks about the country and the most pressing needs of the country right now and as much as it is one of the fast-growin economies in the region. PhilEnergy is a brand that brings a lot of experties and technologies in the most current situation right now"

Erel Narida
President and CEO,
Renewable Energy Association
of the Philippines

"You know as a developing country we have a lot of opportunities and challenges that we are facing coming out from the pandemic so having this kind of event and expo would bring about a lot of opportunities nbot only for the suppliers but even for the market as well. So let's it going."

Peter Villanueva
After Sales Manager,
PowerSystems

Visitor Profiles

- ▶ Building & Construction Managers
- ▶ Business Owners
- ▶ Consultants
- ▶ Data Center Managers
- ▶ Design and System Engineers
- ▶ Energy Managers
- ▶ Engineering Managers
- ▶ Engineering Operation & Services
- ▶ Government Officials
- ▶ Grid Operators
- ▶ Investors
- ▶ Large-scales Distributors
- ▶ Lighting Engineers
- ▶ Maintenance Managers
- ▶ Manufacturing Managers
- ▶ Manufacturing Suppliers
- ▶ Mechanical Service Contractors
- ▶ Operations Managers
- ▶ Plant & Facility Managers
- ▶ Policy Makers
- ▶ Procurement Managers
- ▶ Production & Technical Managers
- ▶ Purchasing Managers
- ▶ Sustainability Managers
- ▶ System Installers
- ▶ System Integrators
- ▶ System Operators
- ▶ System Planners

PARTICIPATION AND BOOTH OPTIONS

RAW SPACE ONLY

Minimum 18sqm
USD 376 per sqm
PHP 265,000 per booth
**Exclusive of 12% VAT for PHP rate*

PAVILION PACKAGE

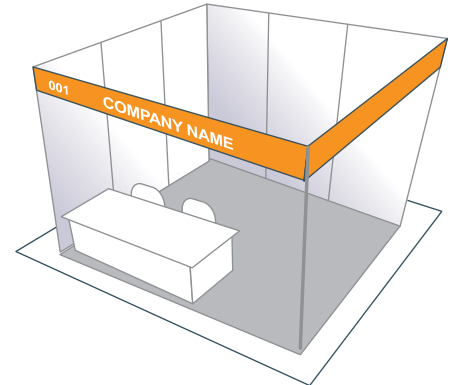

Minimum 9sqm
USD 453 per sqm
PHP 190,800 per booth
**Exclusive of 12% VAT for PHP rate*

WALK ON PACKAGE

Minimum 9sqm
USD 412 per sqm
PHP 150,500 per booth
